

# EcooLED™ LED Lamp

**EcooLED™** is the new extension of our DC lighting series. **EcooLED™** is specially designed to provide basic lighting needs in the rural areas at an affordable price.

**EcooLED™** provides efficient and low power consumption LED that goes below 1 watt. It has low heat loss, robust, sturdy body with non-glass cover that will not be easily broken during handling and transportation. The bulb does not produce strong glare that is harmful to users' eyes. **EcooLED™** has wide illumination angle compared to existing LED lamps in the market.

**EcooLED™** is designed to last and easily achieve more than 30,000 operating hours. The **EcooLED™** carries a 2 years' warranty.

## BENEFITS & FEATURES

- ▶ **Durability** : Designed for rough handling
- ▶ **Reliability** : More than 30,000 hours
- ▶ **Robustness** : Protected by non-glass cover
- ▶ **Non-glaring** : Soothing to eyes
- ▶ **Energy efficient** : Consumes low power and low heat loss
- ▶ **Illumination** : Wide angle

## SPECIFICATIONS

Model No	GZE 01205C Cool White	GZE 01210C Cool White	GZE 00509W Warm White	GZE 00518W Warm White
Nominal Power (W)	0.5	1.0	0.9	1.8
Voltage (V <sub>DC</sub> )	12V		5V	
Brightness (lm)	18	35	28	56
Light Temperature (K)	5600K ~ 9000K		2500K ~ 2800K	
Ambient Temp Range (°C)	-20 to +60			
Dimension (H x L x W mm)	128 x 43 x 43			
Base	Standard E27/Edison Socket
